ABOUT ME

Data Analyst with a solid foundation in analytics, machine learning, and programming, and a track record of delivering real-world impact through data-driven solutions. Proficient in Python, SQL, and modern data visualization tools. Experienced in designing automation workflows, developing scalable data pipelines, and translating complex data into actionable insights. Adept at working in fast-paced, collaborative environments to support strategic decision-making and operational efficiency.

WORK EXPERIENCE

🏢 **Mapup** – Remote, India

Website: <https://www.mapup.ai/>

Data analyst

[02/12/2024 – 18/02/2026]

- Researched and modeled tolling systems for various international markets, contributing to core **product accuracy**.
- Independently solved end-to-end toll logic for new regions and took **ownership of high-priority data updates** early on.
- Manage and optimize data engineering pipelines using Python, **S3**, **Glue batch jobs**, and **Dagster**, ensuring reliability, scalability, and workflow efficiency.
- Collaborated with enterprise clients **to translate tolling insights into actionable strategies**, enhancing platform adoption and decision-making.

🏢 **Verloop.io** – Remote, India

Website: <https://www.verloop.io/>

Data Analyst Intern

[01/02/2024 – 31/07/2024]

- Developed and delivered impactful presentations with key insights to support Customer Success Managers.
- Created integrated data visualizations for client presentations, enhancing engagement and comprehension using Google Sheets via API.
- Applied advanced Sentiment Analysis and Topic Modeling techniques to analyze text data.
- **Automated** data extraction and preprocessing using Python (Pandas, NumPy) and Selenium, integrating updates to Google Sheets via API, **improving efficiency by 20%**.

EDUCATION AND TRAINING

Master of Science

Technical University of Dortmund [13/04/2026 – Current]

City: Dortmund | Country: Germany | Website: <https://www.tu-dortmund.de/> | Field(s) of study: Data Science

Bachelor of Science

Indian Institute of Technology, Madras [01/01/2021 – 31/08/2025]

Country: India | Website: <https://study.iitm.ac.in/ds/> | Field(s) of study: Programming and Data Science | Final grade: 7.25 | Level in EQF: EQF level 6

Master of Science

St. Xavier's College (Autonomous), Mumbai [13/07/2022 – 31/03/2024]

City: Mumbai | Country: India | Website: <https://xaviers.edu/> | Field(s) of study: Big Data Analytics | Final grade: 8.95 | Level in EQF: EQF level 7

Bachelor of Science

Guru Nanak Khalsa College of Arts, Science & Commerce (Autonomous) [23/06/2019 – 01/04/2022]

City: Mumbai | Country: India | Website: <https://gnkhalsa.edu.in/> | Field(s) of study: Statistics | Final grade: 8.96 | Level in EQF: EQF level 6

PROJECTS

[01/02/2025 – 01/03/2025]

StudyBuddy – AI-Integrated E-Learning Platform

- Built an AI-driven learning platform using FastAPI, SQLAlchemy, and the MAS AI framework, integrating Google Gemini Flash 2.0 with RAG pipelines powered by Milvus and ChromaDB for context-aware learning assistance.
- Developed specialized AI agents for lectures, assignments, and platform navigation using the MAS AI framework, with access to course materials, web search, and multimedia content.
- Designed and implemented the Vue.js frontend, including course dashboards, assignment pages, and real-time content rendering for a seamless user experience.
- Implemented secure JWT/OAuth2 authentication with role-based access control enabling personalized access levels.

[01/09/2024 – 10/09/2024]

Face Emotion Detection Using CNN

- Built a facial emotion detection system using Convolutional Neural Networks.
- Achieved 83% accuracy on test data for real-time emotion recognition.
- Developed a Flask-based web application using OpenCV for live camera integration.

[05/05/2024 – 30/08/2024]

Brand Bridge – Influencer Engagement Platform

- Built a Flask-based web application for managing influencer sponsorships with RESTful APIs user authentication, campaign management, and ad request processing.
- Developed a responsive UI using Vue.js and implemented role-based access control to facilitate seamless coordination between the users.
- Streamlined campaign and ad request management, enhancing coordination between influencers and sponsors.

SKILLS

Programming

Python / SQL / SQLAlchemy / MySQL / PostgreSQL / NoSQL / MongoDB / R Programming

Data visualization and Analytics tools

PowerBI / Tableau / Microsoft Excel

Machine learning and AI

Scikit-learn / TensorFlow / PyTorch / Keras / SciPy / Flask

Cloud and Data engineering

AWS (S3, Glue) / Dagster / FastAPI / Git

Soft Skills

Problem Solving / Adaptability / Collaboration

LANGUAGE SKILLS

Mother tongue(s): Marathi

Other language(s):

English

LISTENING C2 **READING** C1 **WRITING** C1

SPOKEN PRODUCTION C1 **SPOKEN INTERACTION** C1

German

LISTENING A1 **READING** A1 **WRITING** A1

SPOKEN PRODUCTION A1 **SPOKEN INTERACTION** A1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

CERTIFICATIONS

[Microsoft, 27/02/2025]

Microsoft Certified: Power BI Data Analyst Associate
